# ABOUT US

The NATO Defense College Foundation was established in Rome in 2011. It grew out from a common intuition of the President Alessandro Minuto-Rizzo and the NATO Defense College top decision makers who understood the value of a non-profit NGO that could work beyond usual and institutional outreach, training, communication and scientific research activities

The Foundation is a unique combination of scientific freedom, private agility and institutional linkage. It builds upon the top level connections and operational experience in the TransAtlantic outreach towards the Middle East, Eastern Europe, Southern Mediterranean and West Asia

Our scientific research consists of several activities: Strategic Trends, Food for Thought, International conferences, High-level seminars, advisory panels

# The European Perspective

The EU is a unique and essential partner for NATO. The two organisations share a majority of members, and all members of both organisations share common values (Strategic Concept 2010)

The EU and NATO are already working together on a wide array of important issues: hybrid warfare, defence industry, wide-area security issues (Ukraine, Balkans, Georgia, Sahel, piracy, trafficking), Smart Defence and pooling/sharing, an effective maritime strategy and the comprehensive approach in crisis management

The Foundation has a solid expertise on European hi-tech, defense and hard/soft security matters
