SESSION 1
HOW TO REFOCUS NATO?

The world is very different from the one the Alliance has known during the Cold War and its aftermaths. Allies need to strengthen their cohesion and be more effective in decision making in a fast-changing strategic environment. More challenges must be addressed to guarantee peace, stability, and the rule of law in the Euro-Atlantic area. The cooperation between the Alliance and the European Union is also to be reinforced on issues of common interests, taking advantage of their different capabilities and tools. A new Strategic Concept should be in the making.

NATO WITH GLOBAL PARTNERS

NATO needs more than ever global partners to tackle the security challenges coming from different sides. The partnerships in the South (the Mediterranean Dialogues and the Istanbul Cooperation Initiative) should be energized, strengthening the Alliance political engagement, promoting capacity building tools, and possibly engaging with civil society. A process of consultations should be put into place with Indo-Pacific partners to better define the perimeter of the security architecture of the Western world.
